OUTDOOR FABRICS

STYLE AND PERFORMANCE

Outdoor Studio is an inspiring creation of soft-hued textiles composed of restrained graphic lines, color studies and subtle textures. In muted tones of blues, yellows, pinks and neutrals, the first group to be introduced in this minimalist Outdoor Studio collection suggests pencil drawings and gradual color mixing that translate to window-pane checks, plaids and original stripes. Perennials Outdoor Fabrics are guaranteed to be soil and mildew resistant with a three-year, UV fade-resistant warranty. Even tough stains like red wine and suntan oil can be removed easily with mild soap and water.
