GAIL OWENS

## WHEN BIGGER IS BEST

OPPOSITE: Initially Galbraith & Paul grabbed our eye with its designs on pillows and lamp shades. Now it has designed a collection of outdoor fabrics (good for indoor, too) for Perennials in several intriguing colorways, including the coordinating series shown. ABOVE: The Fortuny fabric with a 99-inch pattern repeat is used on several chairs, each differently, in David Copley's downtown condominium. This chair is an iconic Billy Haines design. Interior design by Walter J. Nelson, ASID.
