9. Woven with high-tech fibers in a modern, geometric interpretation on plaiting, the Maia chair by **Grupo Kettal** packs a graphic punch, and it comes in a range of colors from mandarin to green maquis. We like it in black or manganese. Available through **Logan Gardens**, (404) 231-4808, logangardens.com.

9.

10. *Beyond the Bend*, a whimsical new line of outdoor fabrics from **Perennials**, pays tribute to the iconic quilts of Gee's Bend in rich textures and an array of patterns. With names like Geez Louise and colors like Red Poppy and Hello, Sailor!, they're as charming as a quilt. Available through **Grizzel et Moss, ADAC**, (404) 261-5532.

10.

11. Create an open-air room in an instant with **Smith & Hawken's** Grande Pavilion, then laze the day away under its broad Sunbrella canopy.

11.

12. **Brown Jordan's** Zephyr lounge chair won the highest honor in the 2007 Design Excellence awards for its unusual construction—a seat that seems to float in woven resin along a tubular aluminum frame. We suspect that comfort was the kicker. Available through **Kolo Collection**.

12.

13. The Pharr-Robertson sectional from **McKinnon and Harris** is at once elegant and dramatic, with a clean, streamlined back and contemporary curved seat. In fashion-forward Chinese Red, it's hard to pass up. Available through **Logan Gardens**.

13.

14. A new book by mother-daughter duo Polly McLeod Mattox and Helen Mattox Bost, **Private Gardens of Georgia** (Gibbs Smith, January 2008) takes a rare look at some of Georgia's most beautiful private gardens, celebrating stunning examples from Moultrie to Augusta, as captured by local photographer Erica George Dines.

14.

15. Woven with durable, washable, weather-proof Sunbrella yarns, **Sina Pearson's** new Oasis fabric collection comes in two stripe patterns and 14 colorways. Choose Pergola (a uniform stripe) for a classic look or Courtyard (a random stripe) for a fun mix. Either way, coordinating is a cinch. Available through **Main Solutions** (678) 244-8100, sinapearson.com.

15.

16. **Charleston Gas Light's** Serenbe lantern was created especially for Atlanta's groundbreaking Serenbe community—as a streetlight. Equally as great in the garden or an outdoor room, the Serenbe is made of rust-proof, recycled American copper and includes an optional switch or timer safety igniter to cut down on fuel. **Charleston Gas Light**, (843) 723-2870, charlestongaslight.com.

16.

AH&L EXCLUSIVE:

Authenteak expands its showroom to 15,000 square feet April 1, making it the largest high-end outdoor furniture showroom in the metro area, with new lines including Tidelli, Couristan and Woodard Landgrave, plus outdoor kitchens.

SCULPTURE IN MOTION:

Movable sculptures by 16 different artists live up the **Atlanta Botanical Garden's** floral displays, starting May 3. atlantabotanicalgarden.org.
