VINES IN KEY WEST; SOLUTION-DYED ACRYLIC

"It's delightful to be outdoors and still be in a room," says Hutt. "Why not make an outdoor room as sumptuous as an indoor room? One way to do that is by framing an area with curtains. I love this pattern because there's so much breathing space around the vine print. Your room will feel airy no matter how much fabric you use."

COASTLINE IN DEEPEST BROWN/
WHITE; SOLUTION-DYED ACRYLIC

"It's a nod to fashion—a tailored men's pinstripe. That's what makes it so original for an outdoor space. Use it for cushions, throw pillows, a banquette." HOLLY HUNT: 800-446-1313.

LANAI IN LIGHT GREEN; SOLUTION-DYED ACRYLIC

"Make throw pillows in Lanai. The slight shine adds another texture. You should alter your textures at every level—not just wool with linen, cotton with velvet, but simple with luxuriant." DONGHIA: 800-366-6442.

COCO TWEED IN ROSA; SOLUTION-DYED ACRYLIC

"It's a bit fashionista, like a Chanel suit. Think how luscious it would be to upholster a banquette in a skirt! The coral and baby pink add a lovely feminine note to the mix." CHELLA: 805-560-8400.

SOLAR CANVAS IN MINERAL
BLUE; SOLUTION-DYED ACRYLIC

"I love this fabric and I love this color. It's so soft, I don't know how they do it! I'd use it as a header for curtains made of VINES [TOP]." SINA PEARSON: 212-366-1146.

CLICK TRACK IN KIWI;
SOLUTION-DYED ACRYLIC

"Green is never out of place in an outdoor room. Just look around—it's everywhere. This is snuggly, so I'd use it for a bolster, where you'd rest your head." CHELLA: 805-560-8400.

RIPPLES IN KEY WEST;
SOLUTION-DYED ACRYLIC

"I like the organic feel of this, the way stripes are uneven and colors overlap. Makes it easier to use. Perfect for lounge chair cushions." GALBRAITH & PAUL FOR PERENNIALS: 888-322-4773.

DI MEDICI IN ROSA;
SOLUTION-DYED ACRYLIC

"Pink is such a pretty color—I have hot pink pillows in my outdoor space—but a pink this intense works best when used sparingly, as an accent or piping." CHELLA: 805-560-8400.
