PLANTATION TEAK &
OUTDOOR WICKER

NetWorks, the new collection from Perennials Outdoor Fabrics, was inspired by the fishing nets of Polynesia and designed by Wendy Tsuji and Linda Ueda. From sheer to solid, they are soil, mildew and UV-resistant and good poolside or inside. Through your designer.

Giati's new indoor/outdoor fabric Summerland collection was designed by Glenn Peckman, who has designed fabrics for Donghia and Maharam, among others. Through your designer.
