The latest furnishings bring comfort and style outdoors

BY ANDREA GROSSMAN

## 1. Made in the Shade

Create your ideal outdoor umbrella with the Custom Shade Architecture program from Brown Jordan. The program allows you to choose from four sizes, two shapes and 23 finishes as well as a matching base. The result is custom-made protection from the sun. ## 3. Eco-seating

The Plateau Quadrant circular bench from Desu Design is the perfect eco-friendly addition to any backyard. Made with slabs of a renewable cellulose fiber and resin called Richlite, it has a center basin that can be filled with plants, stones or water. [www.desudesign.com](http://www.desudesign.com).

## 4. Lap of Luxury

Inspired by the relaxed luxury of his native Southern France, designer Olivier LePensec brings serenity to any outdoor space with the Cocoon Hammock. Seating up to four adults, it is perfect for lounging with family and friends. The frame is teak; curtains and throw pillows can be made to order.
