## COLOR POPS

Perennials Fabrics go indoors and out just in time for summer with a zingy new collection called Color Pops. Designs include Swoop, Swish, Swizzle and Soft Rock in several bold color ways. ## HOSTESS GIFTS

Summer house guests might carry along some of these perky garden boxes filled with strips of **veggie and herb seeds** to leave behind as a thank you. Also would work well for guests at a summer luncheon. BloemBox boxes each contain three 5-foot seed ribbons made of biodegradable tissue paper filled with premium seeds, each box containing seeds for one vegetable and two complimentary herbs, with gift tag.
