Along with its fresh take on office design, Shift Workspaces offers an array of amenities and services to its tenants. Clients can rent a single office or a suite of spaces; seven conference rooms are available to reserve; and the building's Wi-Fi works just fine on the massive—and luxuriously outfitted (think: Janus et Cie and Neoteric Luxury furnishings and Perennials fabric)—deck. Coffee and espresso are complimentary, as are alcoholic beverages at the bar. For the more health-minded, a cardio fitness center is on-site as well as a massage center.
