DESCRIPTION

Birds of a Feather wallcovering is printed on a cotton textile string ground featuring a delicate composition of birds nestled among branches. Inspired by traditional block printing techniques, the design carries a distinctly handcrafted quality, with soft impression shifts and tonal variation that echo the character of ink pressed into natural materials. The composition feels calm and cohesive, allowing the subtle artistry of the print and the texture of the substrate to take precedence. Birds of a Feather is available in four colors: Soapstone, Grass, Cornflower, and Blackberry.
